Dear Mr Prajapati

**Wongawilli Colliery Nebo Subsidence Management Plan Variation.**

With reference to Wongawilli Coal's letters dated 20 March and 27 April 2017 I have, as the Secretary's delegate under the *Mining Instrument of Delegation (Secretary) (No.4) 2016*, approved the Wongawilli Colliery Nebo N1 to N6 Longwalls 27-29 & W4-W5 Subsidence Management Plan variation.

The conditions are the same as those issued in the Secretary's Approval, dated 25 January 2013, of *NRE Wongawilli Colliery Nebo Longwalls N1 –N6 Subsidence Management Plan*, as subsequently amended.

The Approved Plan is now 'Plan 1 – SMP Approved Plan N1 Panel (Drawing No. WON-01-0670, Rev 1)' dated 10/04/2017.

Should you have any further questions in relation to this matter, please contact Mr Alex Love, Project Coordinator, Royalties and Advisory Services, at the Department on 9842 8582.

Yours sincerely

**Chris Yeats**  
Executive Director, Geological Survey of NSW  
Division of Resources and Geoscience

Date: 14 August 2017
