Dear Sir/Madam

**Re: Subsidence Management Plan Variation LW11, 12, 15, 16, 19 & Pillar
Extraction Area 1**

With reference to your application dated 5 May 2010, the Director-General of the Department of Industry and Investment NSW has approved the variation to Pillar Extraction Area 1.

The conditions of approval are the same as those issued in the previous approval for LW11, 12, 15, 16, 19 & Pillar Extraction Area 1 dated 16 July 2009 and is attached for your information.

The approved plan is now (Plan no. WON-01-0029 Rev.0) titled "SMP Variation Application Approved Plan – LW11, 12, 15, 16, 19 & 20" signed by the Mine Manager on 4 May 2010 showing the varied extraction layout.

It should be noted that this Approval does not constitute an approval under Section 138 Coal Mines Regulation Act 1982 or Clause 88 of the Coal Mines Health and Safety Regulation 2006. Operators must comply with the requirements of the Section 138 or Clause 88 before forming any pillars for first workings or longwall or other extraction system gate roads.

If you have any further enquiries do not hesitate to contact Mr Jonathon Smith A/Subsidence Executive Officer on 02 4931 6448.

Yours sincerely

Greg Cole-Clark
Chairman – SMP Interagency Committee
Under delegation for the Director - General
